

FUNDAMENTAL PRINCIPLES FOR SUCCESSFUL RENEWABLE DEVELOPMENT IN HAY LOCAL GOVERNEMENT AREA

Council, at its meeting 27th February 2024, adopted the Fundamental Principles for Successful Renewable Development in Hay LGA (The Principles). In outlining the ten Fundamental Principles for Successful Renewable Energy Development in the Hay LGA (The Principles), we are ensuring real and purposeful community acceptance and support. This document is the first step in an ongoing partnership between the NSW Government, Energy Developers and our community to minimize the impacts and maximise the opportunities for Hay. The Principles deliver the following message from the Hay Community to the NSW Government, EnergyCo, Developers and other stakeholders:

- We are supportive of the clean energy transition
- We want to keep the overall experience for our community positive, to remain supportive
- We will ensure the energy transition happens with us, not to us.
- Assist us to deliver a coordinated approach to our community.
- Follow our Fundamental Principles for Successful Renewable Energy Development, to maximise collaboration and strategic outcomes.
- We want to ensure that renewable energy developments maintain or enhance our existing economy.
- We have a long-term plan for our economic transition, which includes the energy transition and we invite you to support it.

COMMUNITY BUILDING REDEVELOPMENT

Following community consultation and engagement with stakeholders, Council, at its meeting 27th February 2024, endorsed an amended Option 8 Plans for the redevelopment of the Community Building in Hay Park. Option 8, which involves the removal of the rugby league/rugby union changerooms from the community building and the establishment of new changerooms at number one oval, was the preferred option of community building user groups during face-to-face consultations. The next stage of the project funded under the Regional Youth Investment Program is the development of more detailed building plans, and a cost estimate from a Quantity Surveyor.

3 Bin Kerbside Recycling

In July 2024 Hay Shire Council will launch the new 3 bin kerbside recycling system. Watch out for regular updates about the new system in the run up to the launch. No more confusion! What does and doesn't belong in each of your bins, you can find out more information on Council's Website: www.hay.nsw.gov.au

What's happening at the Hay Library?

Rhyme Time: Children's reading and activities are held every Tuesday commencing at 10.30am for 0-5 years old.

Knitting & Scrabble Groups: Are held each Wednesday at 10am. Come and enjoy some knitting and scrabble with good company and a cuppa.
